

**Dr. Abiel Reyes Rodriguez**

Specialties

*Cosmetic & Reconstructive Plastic Surgery*

For plastic surgeon Abiel Reyes, listening to the desires of his patients to help them achieve realistic expectations is paramount. He strives to impress upon his patients that plastic surgery is improvement, not perfection. Making a small change on the outside can lead to a big change on the inside. Dr. Reyes is a Board Certified plastic surgeon that has been practicing Plastic and Reconstructive Surgery in Monterrey over the last 6 years. He attended medical school at the Universidad Autonoma de Nuevo Leon in Monterrey and completed his residency in General Surgery at the Hospital Regional de Cd. Madero in Tampico. Dr. Reyes sub-specialized in plastic and reconstructive surgery at the Hospital de Alta Especialidades de PEMEX in Mexico City. He completed a fellowship in advanced aesthetic surgery under the tutelage of two of the most respected cosmetic surgeons in Monterrey, Dr. Eugenio Pacelli Chapa and Dr. Rodrigo Salazar Maycotte. Dr. Reyes practice is primarily focused on rhinoplasty (nose surgery), BOTOX treatments and advanced liposuction procedures. His expertise in reconstructive surgery is primarily in post-cancer TRAM flap procedures and facial trauma. Dr. Reyes maintains active privileges at Hospital San Jose, Christus Muguerza, Hospital OCA, CIMA-Santa Engracia and Hospital CMI. He speaks fluent english and consults Tuesdays and Thursdays at Hospital CMI in Matamoros.
