

**Dr. Gustavo Perez Aguilar**

Specialties

*Surgery, Orthopedic, Spine*

Dr. Gustavo Perez Aguilar is a skilled and experienced Board Certified orthopedic surgeon that has been in practice over 22 years. He specializes in the diagnosis and treatment of problems of the lumbar and cervical spine. After attending medical school at the Universidad Autonoma de Guadalajara and completing his orthopedic residency at Centro Medico Nacional in Mexico City he completed fellowship training in spine surgery with Dr. Alejandro Rios Leal, one of the top spine surgeons Latin America. Dr. Perez Aguilar blends modern surgical technique with conservative care, compassion and respect to optimize patient outcome. Although 85% of Dr. Perez Aguilar's patients visit him with spine related problems, in his spare time, Dr. Perez Aguilar has a special interest in treating patients with bone spurs by applying the latest minimally invasive surgical techniques in an ambulatory setting.
