

**Dr. Jorge Cerda**

Specialties

*Obstetrics & Gynecology*

Over the last 10 years, Dr. Jorge Cerda's professional passion has been to help expecting mothers enjoy their pregnancies. Dr. Cerda attended medical school at the UAT in Matamoros and was the Top Medical Graduate of his residency at the Hospital General Norberto Trevino in Victoria. During his Ob/Gyn residency, he completed rotations in reproductive biology, urogynecology and oncogynecology at the Clínica #23 IMSS de Ginecología in Monterrey. Dr. Cerda splits his time between teaching residents, seeing patients at the Hospital General and seeing his private patients. He has focused his private practice on general care for women- (cancer screenings, treatment for STD's, menopause and perimenopause) and maternity care, including high-risk pregnancies. Dr. Cerda prides himself on being very thorough with patients and their spouse. A typical office visit lasts between 45-60 minutes...everytime.
