

**Dr. Santiago Vidaurri**

Specialties

*Obstetrics & Gynecology*

Dr. Santiago Vidaurri is a Board Certified ObGyn with 21 years of experience. He attended medical school at the Facultad de Medicina de UANL in Monterrey and completed his residency in obstetrics and gynecology at the Hospital de Ginecología y Obstetricia (Clínica #23 IMSS) in Monterrey, Nuevo Leon. His practice offers general care for women (well woman visits, pap smears, colposcopy, etc.), maternity care and treatment of pelvic pain, menstrual problems, and infertility in overweight patients. Dr. Vidaurri has added qualifications in ultrasonography which he utilizes routinely to complement his clinical examinations. He performs obstetric ultrasounds on every maternity office visit and elective prenatal 4-D ultrasounds for patients between (20-32 weeks) when requested. Dr. Vidaurri is also trained in Color Doppler Sonography which can speed the detection of serious illness or malformations in premature infants. In his spare time, Dr. Vidaurri enjoys playing golf and riding motorcycles.
